

## mateco IT – Senior Pricing Analyst

### Join mateco as a Senior Pricing Analyst

#### Your mission

Are you strong in data, but looking for a role where your analyses genuinely influence business decisions?

mateco is looking for an enthusiastic **Senior Pricing Analyst** to elevate our pricing strategy.

You play a key role in shaping and rolling out the pricing strategy across multiple countries. You combine advanced analytics with business partnering and help ensure that pricing models and tools are effectively adopted by local teams.

You fulfil a bridging role between pricing, data, IT and commercial teams, translating global pricing strategy into local market execution.

#### Good. So what does that mean in detail?

As a Senior Pricing Analyst at mateco, you will:

- Performing advanced **data analysis** to support pricing strategy, margin optimization and commercial decision-making
- Applying regression analysis and **statistical modelling** to identify pricing drivers, demand elasticity and customer behavior
- Developing, refining and maintaining scalable **pricing models**
- Translating complex analyses into clear **insights, documentation and practical guidance** for business stakeholders
- Partnering with IT teams to define **business requirements** for pricing tools, system enhancements and data integrations
- Supporting and **onboarding** country teams to new pricing frameworks, tools and methodologies
- **Guiding local teams** through changes in pricing ways of working, ensuring consistent and correct application
- Acting as a **key link between global pricing strategy and local market execution**

#### Ok. And what exactly would make you the perfect fit for this?

You're a strong candidate if you have:

- **5+ years of experience** in pricing, analytics, revenue management or commercial / strategic analytics
- A **Master degree** in Finance, Economics, Statistics, Data Science or a related field
- Strong **data analysis and price modelling skills**
- Experience working in an **international or complex business environment**
- Experience with **pricing tools** and ERP systems

- Strong communication skills and a hands-on, **practical approach**
- Fluency in **English**

### **Still sounds good? This is what we have to offer you.**

- A big and modern environment with **lots of opportunities** to learn and contribute.
- **You will stay on top of your game** and you will be able to **take initiative and make a difference**.
- We offer a working culture built on **autonomy and mutual trust and respect**.
- Flexible hours and the ability to **work from home 2 days a week**.
- We offer an **attractive salary package** including numerous fringe benefits.

### **Alright, convinced you are the one?**
